

# gFSC Technology & Innovation WG Report to Plenary

GLOBAL  
**FOOD SECURITY CLUSTER**  
*Strengthening Humanitarian Response*

Global Partners Meeting  
Rome, 13-14 May 2015

# Purpose

- Act as a reference for new, current and emerging technologies and innovations for the FSC.
- By creating a repository of tools across sectors advise which technologies and innovations are most appropriate for FSC actors in different contexts to meet relief, recovery and development goals.
- Provide guidance on information sharing and data protection, arising from the use of tools containing confidential or politically sensitive data.
