

BREAKOUT ROOM ONE

Technical support to the field – lessons learned and opportunities

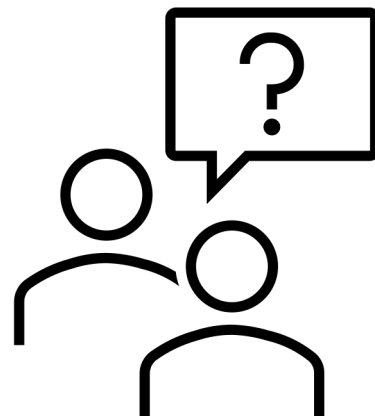

Discussion + Jamboard

How to better connect with field: Transforming the ToRs into practical docs /outputs

- 1. What support/ outputs from the working groups have you received/seen in the past few years which have been useful?*
- 2. What outputs or support from the various technical working groups WOULD be useful but have not yet been done or acted upon? What opportunities are there which we might be missing?*
- 3. What should we prioritize going forwards?*

(Emphasis on usefulness for field teams)

Discussion + Jamboard

Question	Discussion
<p><i>What support/ outputs from the working groups have you received/seen in the past few years which have been useful</i></p>	<ol style="list-style-type: none">1. Capacity building/training on IPC (CO level?)2. Shared tools for monitoring (CO level?)3. Cooked meal distribution4. The Cash for Work Guidance5. During the height of the C-19 pandemic, the guidance notes and revisions to operations were very helpful from the gFSC. I believe the resources and materials, SOPs and C-19 updates were helpful to field teams.6. Guidance : FSL selection, beneficiaries selection, review of baskets...7. Cluster provides a high level of cooperation among all active actors in the field to avoid any possible overlapping8. digitalizing survey9. Indicator handbook

Question	Discussion
<p><i>What outputs or support from the various technical working groups WOULD be useful but have not yet been done or acted upon? What opportunities are there which we might be missing?</i></p>	<ul style="list-style-type: none">• Identify/mapping of resources previously developed by other fora that could be shared or guide field colleagues to those resources• linking country WG with global WG• Support in contextualization of guidance• Cross learning with other countries with similar context• Intersectoral linkages WG? Specifically for field level• Collaborative research and advocacy with governments on the transformative nature of CASH for prioritizing Gender equality and empowerment of women and girls in GBV and livelihoods• Training/workshops on guidance for the purpose of dissemination• Harmonized and systematized tools across countries• Learning from other contexts for advocacy purposes• Ensuring docs are available in appropriate languages• Digitization of beneficiaries and assistance for social protection and provision of materials and equipment for field agents• Accompanying activities for emergency actions, for example, providing training and materials on the processing of agricultural products and livestock

Discussion +

Question	Discussion (rank by number of vote)
<i>What should we prioritize going forwards?</i>	<ol style="list-style-type: none">1. Ensuring docs are available in appropriate languages2. Identifying/mapping resources to orient and guide field colleagues towards appropriate existing documents –contextualisation3. Digitization of beneficiaries and assistance for social protection and provision of materials and equipment for field agents4. better ways to disseminate guidance to the field. emails are usually not enough. training sessions/workshops would be more engaging5. Harmonized and systematized tools across countries6. linking country WG with global WG7. indicator handbook8. Accompanying activities for emergency actions, for example, providing training and materials on the processing of agricultural products and livestock9. find out how could we complement existing initiatives (fora)

Discussion + Jamboard

Other comments

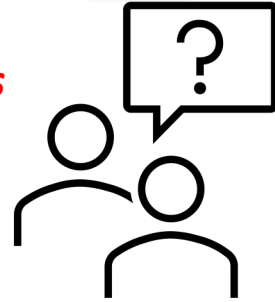

- A WG gathering universities, field implementers & donors about gap analysis and foster strategic operational research
- Conduct a gap analysis, taking into account existing resources
- Clarify what we are expecting with regard to linking with field colleagues

BREAKOUT ROOM TWO

**gFSC WGs coordination & Global dynamics
– Lessons learned and opportunities**

Discussion+Jamboard

How can we provide a platform to link global dynamics with field actions and better support field needs

- 1. INTRACLUSTER: coordination and collaboration among different WGs*
- 2. Intercluster and other initiatives: collaboration with other clusters and initiatives (for instance Food System Summit, Year for the Eradication of Child Labour, etc...)*

CURRENT SITUATION VS. FUTURE SOLUTIONS

https://jamboard.google.com/d/1RR5pD_rTQiMkmSX6WxV3vJxdAV843lUI290b0IDLgk4/edit?usp=sharing

Discussion+Jamboard

	Current situation: challenges and good practices	Way Forward: opportunities, actions and solutions
<p>INTRACLUSTER: coordination and collaboration among different WGs</p>	<p>GOOD PRACTICES:</p> <ul style="list-style-type: none"> • Good engagement across WGs over the last year on key topics - MPC / FS Dimensions • Cross collaboration between WGs: Cash for seeds (CM & Agriculture); MPC outcome indicators (CM & PQWG); global clusters Cash WG chairs meeting • The connection between WGs and field Clusters has improved greatly and should be continued and enhanced. • Working groups have a standing agenda in the FSC meetings - to give updates <p>CHALLENGES:</p> <ul style="list-style-type: none"> • Transforming WGs ToRs into practical actions • Needs to harmonise WG way of working (ambition levels & scope) • What regular exchange and update between WG chairs and task force is required? • How can we make sure that we inform and share products for comment with other WGs 	<ul style="list-style-type: none"> • Schedule quarterly cross-WGs calls / meetings to exchange (in between global partners meetings) • Ensure FSC teams and WGs leads are in all distribution lists • Support field WGs (by organising dedicated sessions at country level) • WGs and PTF TORs review to be harmonised with support of SAG • Jointly defined priorities discussed at gFS cluster meeting to inform the workplan + responding to field requests • 2021 opportunities: for instance: Year for Eradication of Child Labour (PTF and Agriculture WG)

Discussion+Jamboard

	Current situation: challenges and good practices	Way Forward: opportunities, actions and solutions
<p>Inter-cluster and other initiatives: collaboration with other clusters and initiatives</p>	<p>GOOD PRACTICES:</p> <ul style="list-style-type: none"> • Collaboration with other clusters: for instance PTF and Protection cluster (CoP review 2020) • PTF: facilitated WFP and gFS cluster collaboration on research project analysing language-induced barriers to community engagement (with TWB) • PTF: supported FAO and WFP on Advocacy note on Child Labour + FAO Step-by-Step guide on addressing CL in Agriculture • C&M well connected with other cash coordination fora as credible technical actor • Webinar with Housing, Land and Property - in Afghanistan <p>CHALLENGES:</p> <ul style="list-style-type: none"> • WGs are generally responsive to external engagement but not always proactively seeking links. • Working relationship between GMWG & Geneva (Global) CWG. 	<ul style="list-style-type: none"> • Proactively identify external global level stakeholders and initiatives to link with. • Engage more proactively with Geneva (Global) CWG • Joint letter on Cash coordination with CaLP • 2021 opportunities: for instance: Year for Eradication of Child Labour (CP/CL AoR and actors); Call for papers from the Journal of Modern slavery deadline is 16th June
